

**IMPORTANT INFORMATION:** *Please call for an appointment as soon as possible to avoid the back to school rush. Private physician's offices and clinics may be busier than usual this year. It may be difficult to get an appointment and/or they may not have the vaccine available if you wait until the last minute. Due to changes in the qualifications for the TX Vaccine for Children Program, some students that have previously qualified for free or reduced vaccines, may no longer qualify.*

**Immunization Records may be delivered to the School Nurse or faxed to the following numbers:**
